Radio / CD

Kiel CD35 7 645 050 510
Malaga CD35 7 645 060 510

Operating instructions
CONTROLS

1. Button to switch the device on/off and operate the volume mute function.

2. **SRC** button
   Short press: Switch sources between CD, CD changer (if connected) and AUX.
   Long press: Briefly display the clock time.

3. ▲ button to eject a CD from the device.

4. Volume control

5. CD compartment

6. **TRAF RDS** button
   Short press: Switch traffic-information standby on/off.
   Long press: Switch the RDS function on/off.

7. Arrow buttons

8. **MENU** button
   Short press: Open the settings menu.
   Long press: Start the scan function.

9. **AUDIO** button to adjust the bass, treble, balance and fader.
   To select an equalizer preset.
   To activate, deactivate and adjust the X-BASS function.

10. Keys 1 - 6

11. **BND•TS** button
    Short press: Select the FM memory banks and the MW and LW wavebands (MW/LW only on the Malaga CD35).
    Long press: Start the Travelstore function.

NOTES AND ACCESSORIES

Notes and accessories
Thank you for choosing a Blaupunkt product. We hope you enjoy using this new piece of equipment.

Please read these operating instructions before using the equipment for the first time.

The Blaupunkt editors are constantly working on making the operating instructions clearer and easier to understand. However, if you still have any questions on how to operate the device, please contact your dealer or the telephone hotline for your country. You will find the telephone number printed at the back of this booklet.

We provide a manufacturer guarantee on our products bought within the European Union. You can view the guarantee conditions at www.blaupunkt.de or ask for them directly at:
Blaupunkt GmbH
Hotline
Robert Bosch Str. 200
D-31139 Hildesheim
Germany

Road safety
Road safety has absolute priority. Only operate your car sound system if the road and traffic conditions allow you to do so. Familiarise yourself with the device before setting off on your journey. You must always be able to hear police, fire service and ambulance sirens in good time from inside your vehicle. For this reason, listen to your car sound system at a moderate volume level during your journey.

Installation
If you want to install your car sound system yourself, please read the installation and connection instructions that follow these operating instructions.

Accessories
Only use accessories approved by Blaupunkt.

Remote control
The RC 08 or RC 10 (available as optional accessories) remote control allows you to access the most important functions of your car sound system safely and conveniently from your steering wheel. You cannot switch the device on/off using the remote control.

Amplifiers
You can use all Blaupunkt and Velocity amplifiers.

CD changers
You can connect the following Blaupunkt CD changers: CDC A 08, IDC A 09 and CDC A 03.
Switching on/off

You can switch the device on/off in the following ways:

Switching on/off using the vehicle ignition

If the device is correctly connected to the vehicle’s ignition and it was not switched off using button 1, it will switch on/off simultaneously with the ignition.

Switching on/off using button 1

إشارة
To switch on the device, press button 1.

إشارة
To switch off the device, press and hold down button 1 for longer than two seconds.

The device switches off.

Note:

● To protect the vehicle battery, the device will switch off automatically after one hour if the ignition is off.

Switching on by inserting a CD

If the device is switched off and there is no CD present in the drive,

إشارة
gently push the CD with its printed side uppermost into the drive 5 until you feel some resistance.

The drive draws in the CD automatically.

You must not hinder or assist the drive as it draws in the CD.

The device switches on and starts playing the CD.

Note:

● If the vehicle ignition was switched off before you inserted the CD, you will first have to switch on the device by pressing button 1 in order to start playing the CD.
ADJUSTING THE VOLUME

Adjusting the volume
You can adjust the volume in steps from 0 (off) to 66 (maximum).
To increase the volume,
▷ turn the volume control 4 clockwise.
To decrease the volume,
▷ turn the volume control 4 anti-clockwise.

Setting the power-on volume
Note:
● The device is equipped with a timeout function. If, for instance, you press the MENU button 8 and select a menu item, the device will switch back approx. 8 seconds after the last button was pressed. Any changes to the settings that you have made will be saved.
You can set the power-on volume.
▷ Press the MENU button 8.
▷ Press the ▼ or ▲ button 7 repeatedly until “ON VOLUME” appears in the display.
▷ Adjust the power-on volume using the ◄► buttons 7.
To help you adjust the setting more easily, the device will increase or decrease the volume as you make your changes. If you change the setting to “LAST VOL”, the volume level that was set the last time you switched off the device will be activated again.

Note:
● To protect your hearing, the power-on volume is limited to a value of “38”. If the volume level was higher than this when the device was last switched off and the “LAST VOL” setting is activated, the system will reset the volume to “38” when you switch the device on again.

When you have finished adjusting the setting,
▷ press the MENU button 8 twice.

Quick volume reduction (mute)
You can quickly decrease the volume (mute) to a level preset by you.
▷ Briefly press button 1.
“MUTE” appears in the display.
Cancelling mute
To return to your previously set volume level,
▷ briefly press button 1 again.

Setting the mute level
You can adjust the mute level.
▷ Press the MENU button 8.
▷ Press the ▼ or ▲ button 7 repeatedly until “MUTE LVL” appears in the display.
▷ Adjust the mute level using the ◄► buttons 7.
When you have finished adjusting the setting,
▷ press the MENU button 8 twice.
Switching the confirmation beep on/off

The system will play a confirmation beep for some functions if you keep a button pressed down for longer than two seconds, for instance, when you assign a radio station to a station button. You can switch the beep on/off.

▷ Press the MENU button ⑧.
▷ Press the ▼ or ▲ button ⑦ repeatedly until “BEEP ON” or “BEEP OFF” appears in the display.
▷ Adjust the beep setting using the ◄► buttons ⑦. “OFF” means the beep is switched off and “ON” means the beep is switched on.

When you have finished adjusting the setting,
▷ press the MENU button ⑧.

Mute while telephoning

If your device is connected to a mobile telephone, the car radio’s volume will be muted as soon as you “pick up” the telephone. This requires that the mobile telephone be connected to the device as described in the installation instructions.

“PHONE” appears in the display.

Radio mode

This device is equipped with an RDS radio receiver. Many of the receivable FM stations broadcast a signal that not only carries the programme but also additional information such as the station name and programme type (PTY).

The station name appears in the display as soon as the tuner receives it.

Adjusting the tuner settings

To ensure that the tuner works properly, the device must be configured for the region in which you are using it. You can choose between Europe (EUROPE), United States (USA), South America (S-AMERICA) and Thailand (THAI). By default, the tuner is set to the region in which the device was sold. If you encounter problems with radio reception, please check this setting.

The radio functions described in these operating instructions refer to the EUROPE tuner setting.

▷ Press and hold down the 1 and 5 buttons ⑩ simultaneously and switch on the device again by pressing button ①.

“TUNER” is displayed.
▷ Select your tuner region using the ▼ or ▲ button ⑦.

To save the setting,
▷ switch the device off and on again or wait approx. 8 seconds. The car sound system starts with the last setting activated (radio, CD, CD changer or AUX).
RADIO MODE

Switching to radio mode
If you are in CD, CD-changer or AUX mode,
▷ press the BND•TS button 11 or
▷ press the SRC ⊗ button 2 repeatedly until the memory bank (e.g. “FM1”) appears in the display.

RDS functions
The convenient RDS functions AF (Alternative Frequency) and REGIONAL extend your radio’s range of functions.

● AF: If the RDS function is activated, the radio automatically tunes into the best receivable frequency for the station that is currently set.

● REGIONAL: At certain times, some radio stations divide their programme into regional programmes providing different content. You can use the REG function to prevent the car radio from switching to alternative frequencies that are broadcasting different programme content.

Note:
● REGIONAL must be activated/de-activated separately in the menu.

Switching the RDS function on/off
If you want to use the RDS functions (AF and REGIONAL),
▷ press and hold down the TRAF RDS button 6 for longer than two seconds.

The RDS function is active when an RDS symbol lights up in the display.

Switching REGIONAL on/off
▷ Press the MENU button 8.
▷ Press the ▼ or ▲ button 7 repeatedly until “REG” appears in the display. “OFF” or “ON” is displayed alongside “REG”.
▷ To switch REGIONAL on/off, press the ► or ◄ button 7.
▷ Press the MENU button 8.

Selecting the waveband / memory bank
This device can receive programmes broadcast over the FM frequency range as well as the MW and LW (AM) wavebands (MW and LW only on the Málaga CD35). There are three memory banks available for the FM waveband (FM1, FM2 and FMT) and one for each of the MW and LW wavebands. Six stations can be stored in each memory bank.

To switch between the FM memory banks (FM1, FM2 and FMT) and the MW and LW wavebands,
▷ briefly press the BND•TS button 11.

Tuning into a station
There are various ways of tuning into a station.

Automatic station seek tuning
▷ Press the ▼ or ▲ button 7.

The radio tunes into the next receivable station.
Tuning into stations manually
You can also tune into stations manually.

Note:
- You can only tune into stations manually if the RDS function is deactivated.

农业科技
Note: 
- The RDS function must be activated before you can use this feature.

农业科技
Browsing through broadcasting networks (only FM)
If radio stations provide several programmes, you have the option of browsing through their “broadcasting networks”.

农业科技
Note: 
- When using this feature, you will only be able to switch to stations that you have received once before already. To receive the stations, use the scan function or the Travelstore function.

农业科技
Setting the sensitivity of station seek tuning
You can choose whether the radio should only tune into stations providing good reception or whether it can also tune into those with a weak reception.

农业科技
Note: 
- You can set different sensitivity levels for FM and MW or LW (AM) (MW/LW only on the Malaga CD35).

农业科技
Storing stations
Storing stations manually
农业科技
- Select the memory bank that you want (FM1, FM2, FMT) or one of the wavebands (MW or LW) (MW/LW only on the Malaga CD35).

农业科技
- Tune into the station that you want.

农业科技
- Press and hold down one of the station buttons 1 - 6 longer than two seconds to assign the station to that button.

农业科技
Storing stations automatically (Travelstore)
You can automatically store the six stations providing the best reception in the region (only FM). The stations are stored in the FMT memory bank.
RADIO MODE

Note:
● Any stations previously stored in this memory bank are deleted in the process.

➮ Press and hold down the BND•TS button for longer than two seconds.

The storing procedure begins. “FM TSTORE” appears in the display. After the process has completed, the radio will play the station that is stored in memory location 1 of the FMT memory bank.

Listening to stored stations
➮ Select the memory bank or waveband.
➮ Press the station button 1 - 6 that corresponds to the station that you want to listen to.

Scanning receivable stations (SCAN)
You can use the scan function to listen to all the receivable stations briefly. You can set the scanning time in the menu to between 5 and 30 seconds (in steps of 5 seconds).

Starting SCAN
➮ Press and hold down the MENU button for longer than two seconds.

Scanning begins. “SCAN” appears briefly in the display followed by a flashing display of the current station name or frequency.

Cancelling SCAN and continuing listening to a station
➮ Press the MENU button .
Scanning stops and the radio continues playing the station that it tuned into last.

Setting the scanning time
➮ Press the MENU button .
➮ Press the ▼ or ▲ button repeatedly until “SCAN TIME” appears in the display.
➮ Set the desired scanning time using the buttons .

When you have finished adjusting the setting,
➮ press the MENU button twice.

Note:
● The scanning time that you set is also used when scanning in CD mode and in CD-changer mode.

Programme type (PTY)
Besides transmitting the station name, some FM stations also provide information on the type of programme they are broadcasting. Your car radio can receive and display this information.

For example, the programme types can be:
CULTURE TRAVEL JAZZ
SPORT NEWS POP
ROCK CLASSICS

You can use the PTY function to select stations of a particular programme type.
PTY-EON

If you specify the programme type and start seek tuning, the radio will switch from the current station to a station of the selected programme type.

Note:
- If the tuner does not find a station that matches the selected programme type, you will hear a beep and “NO PTY” appears briefly in the display. The radio will then retune to the station that it received last.
- If the tuned radio station or another station on the broadcasting network broadcasts your selected programme type at a later point in time, the radio will automatically switch from the currently tuned station or from CD mode or CD-changer mode to the station whose programme type matches the one you selected.

Switching PTY on/off

➤ Press the MENU button 8.
➤ Press the ▼ or ▲ button 7 repeatedly until “PTY ON” or “PTY OFF” appears in the display.
➤ Press the ► or ◄ button 7 to switch PTY ON or OFF.
➤ Press the MENU button 8.

Selecting the PTY language

You can select the language in which the programme types are displayed. The following are available: “DEUTSCH”, “ENGLISH” and “FRANÇAIS”.

➤ Press the MENU button 8.
➤ Press the ▼ or ▲ button 7 repeatedly until “PTY LANG” appears in the display.
➤ Set your preferred language using the ► ▶ buttons 7.

When you have finished adjusting the setting,
➤ press the MENU button 8 twice.

Selecting a programme type and starting seek tuning

➤ Press the ◄ or ► button 7.

The current programme type appears in the display.

➤ If you want to select another programme type, you can do so by pressing the ◄ or ► button 7 whilst this display is visible.

The selected programme type appears briefly in the display.

➤ Press the ▼ or ▲ button 7 to start seek tuning.

The radio will then tune into the next station it finds that matches your selected programme type.
Optimising radio reception

HICUT
The HICUT function improves reception during poor radio reception (only FM). If interference occurs, the interference level is cut automatically.

Switching HICUT on/off

 mê Press the MENU button 8.
 mê Press the ▼ or ▲ button 7 repeatedly until “HICUT” appears in the display.
 mê Press the ◀ or ► button 7 to adjust the HICUT setting.
“HICUT 0” means that the interference level will not be cut automatically. “HICUT 1” means that it will be cut automatically.
 mê Press the MENU button 8.

Configuring the display

In radio mode you have the option of displaying the waveband together with the memory bank / memory location and the time or the station name / frequency of the current station.
Select “FREQUENCY” to display the station name / frequency or select “CLOCK” to display the waveband together with the memory bank / memory location and the clock time.
 mê Press the MENU button 8.
 mê Press the ▼ or ▲ button 7 repeatedly until “TUN DISP” appears in the display.
 mê Press the ◀ or ► button 7 to switch between “CLOCK” and “FREQUENCY”.
 mê Press the MENU button 8 twice.
Traffic information

Your device is equipped with an RDS-EON receiver. EON stands for Enhanced Other Network.

Whenever a traffic announcement (TA) is broadcast, the system switches automatically from a station that does not provide traffic reports to the appropriate traffic information station within the broadcasting network that does.

Once the traffic report has been played, the system will switch back to the programme you were listening to before.

Switching traffic information priority on/off

Briefly press the TRAF button 6.

Traffic announcement priority is active when the traffic-jam symbol lights up in the display.

Note:

You will hear a warning beep:

- if you leave the reception area of a traffic information station that you are currently listening to.
- if you are receiving a traffic information station and the volume is set to minimum (0) or if, whilst listening to a CD, a CD in the changer or an AUX source, you leave the reception area of the tuned traffic information station and the subsequent automatic search cannot find a new traffic information station.

- if you retune the radio from a traffic information station to a station that does not broadcast traffic information.

If you hear the warning beep, you can either switch off traffic information priority or tune into a station that broadcasts traffic information.

Setting the volume for traffic announcements

Press the MENU button 8.

Press the ▼ or ▲ button 7 repeatedly until “TA VOLUME” appears in the display.

Adjust the volume using the ▼▼ buttons 7.

When you have finished adjusting the setting,

press the MENU button 8 twice.

Notes:

You can use the volume control 4 to adjust the volume during a traffic announcement for the duration of that announcement.

You can set the volume distribution for the traffic announcements. For further details, please read the “Sound” chapter.
CD MODE

CD mode

You can use this device to play standard audio CDs, CD-Rs and CD-RWs with a diameter of 12 or 8 cm.

⚠️ Risk of severe damage to the CD drive!
Contoured CDs (shape CDs) are not suitable for playback in this unit. We do not accept responsibility for any damage to the CD drive that may occur as a result of the use of unsuitable CDs.

To ensure the system functions properly, only use CDs labelled with the compact disc logo. Problems might be experienced when playing copy-protected CDs. Blaupunkt cannot guarantee the proper functioning of copy-protected CDs!

Switching to CD mode

If there is no CD inserted in the drive,
✞ Gently push the CD with its printed side uppermost into the drive 5 until you feel some resistance.

The drive draws in the CD automatically.

You must not assist or hinder the drive as it draws in the CD.

The CD starts playing.

Note:
● If the vehicle ignition was switched off before you inserted the CD, you will first have to switch on the device by pressing button 1 in order to start playing the CD.

If there is already a CD inserted in the drive,
✞ press the SRC 9 button 2 repeatedly until “CD” appears in the display.

Playback begins from the point at which it was last interrupted.

Selecting tracks

✞ Press one of the arrow buttons 7 to select the next or previous track.
If you press the ▼ or ▲ button 7 once, the current track will be played again from the beginning.

Fast track selection

For fast track selection (backwards or forwards),
✞ press and hold down one of the ▼/▲ buttons 7 until fast-reverse / fast-forward track selection begins.

Fast searching (audible)

For fast searching (backwards or forwards),
✞ press and hold down one of the ◀► buttons 7 until fast searching backwards / forwards begins.

Random track play (MIX)

✞ Press the 5 MIX button 10.

“MIX CD” appears briefly in the display and the MIX symbol lights up. The next randomly selected track will then be played.
Cancelling MIX
▷ Press the 5 MIX button 10 again.
“MIX OFF” appears briefly in the display and the MIX symbol disappears.

Scanning tracks (SCAN)
You can scan (briefly play) all the tracks on the CD.
▷ Press and hold down the MENU button 8 for longer than two seconds.
The next track will then be scanned.

Note:
● You can set the scanning time. For further details, please read the section entitled “Setting the scanning time” in the “Radio mode” chapter.

Cancelling SCAN and continuing listening to a track
▷ To cancel scanning, press the MENU button 8.
The currently scanned track will then continue to be played normally.

Repeating tracks (REPEAT)
If you want to repeat a track,
▷ press the 4 RPT button 10.
“RPT TRCK” appears briefly in the display and the RPT symbol lights up. The track is repeated continuously until you deactivate RPT.

Cancelling REPEAT
If you want to cancel the repeat function,
▷ press the 4 RPT button 10 again.
“RPT OFF” appears briefly in the display and the RPT symbol disappears. Normal playback is then resumed.

Pausing playback (PAUSE)
▷ Press button 3 ◄ 10.
“PAUSE” appears in the display.

Cancelling pause
▷ Press button 3 ◄ 10 whilst pause is activated.
Playback is resumed.

Configuring the display
You can choose between two display types for CD mode:
● Track number and clock time
● Track number and playing time
▷ Press the MENU button 8.
▷ Press the ▼ or ▲ button 7 repeatedly until “CD DISP” appears in the display.
▷ Press the ◄ or ► button 7 to switch between “PLAY TIME” and “CLOCK”.
▷ Press the MENU button 8 twice.

Traffic announcements in CD mode
If you wish to receive traffic announcements whilst CD mode is activated,
▷ press the TRAF button 6.
Traffic announcement priority is active when the traffic-jam symbol lights up in the display. For further details, please read the “Traffic information reception” chapter.
Ejecting a CD
➢ Press the eject button ③ next to the CD compartment.
The CD is ejected.
➢ Remove the CD.

Note:
● If a CD is ejected, the drive will automatically draw it back in again after approx. 10 seconds.
● You can also eject CDs whilst the device is switched off or whilst another audio source is activated.

CD-changer mode

Note:
● Information on handling CDs, inserting CDs and operating the CD changer can be found in the operating instructions supplied with your CD changer.

Switching to CD-changer mode
➢ Press the SRC ② button repeatedly until “CHANGER” appears in the display.
The device starts playing the first CD that the CD changer detects.

Selecting CDs
To move up or down to another CD,
➢ press the ▼ or ▲ button ⑦ once or several times.

Note:
● The device will ignore empty CD slots in the changer and slots containing invalid CDs.

Selecting tracks
To move up or down to another track on the current CD,
➢ press the ◀ or ▶ button ⑦ once or several times.

Fast searching (audible)
For fast searching (backwards or forwards),
➢ press and hold down one of the ◀▶ buttons ⑦ until fast searching backwards / forwards begins.
**Configuring the display**

There are five display options available for CD-changer mode:

- Track number and playing time ("TRCK-TIME")
- Track number and clock time ("TRCK-CLK")
- CD number and track number ("CD-TRCK")
- CD number and clock time ("CD-CLK")
- CD number and playing time ("CD-TIME")

- Press the **MENU** button 8.
- Press the ▼ or ▲ button 7 repeatedly until “CDC DISP” appears in the display.
- Press the ◄ or ► button 7 repeatedly until the option that you want is displayed.
- Press the **MENU** button 8 twice.

**Repeating individual tracks or whole CDs (REPEAT)**

To repeat the current track,

- briefly press the **4 RPT** button 10.
  “RPT TRCK” appears briefly and RPT lights up in the display.

To repeat the current CD,

- press and hold down the **4 RPT** button 10 for longer than two seconds.
  “RPT DISC” appears briefly and RPT lights up in the display.

**Cancelling REPEAT**

To stop the current track or current CD from being repeated,

- briefly press the **4 RPT** button 10.
  “RPT OFF” appears and RPT disappears from the display.

**Random track play (MIX)**

To play the tracks on the current CD in random order,

- briefly press the **5 MIX** button 10.
  “MIX CD” appears briefly and MIX lights up in the display.

To play the tracks on all the inserted CDs in random order,

- press and hold down the **5 MIX** button 10 for longer than two seconds.
  “MIX ALL” appears briefly and MIX lights up in the display.

**Cancelling MIX**

- Briefly press the **5 MIX** button 10.
  “MIX OFF” appears and MIX disappears from the display.

**Scanning all the tracks on all the CDs (SCAN)**

To scan (briefly play) all the tracks on all the inserted CDs in ascending order,

- press and hold down the **MENU** button 8 for longer than two seconds.
  “TRK SCAN” appears in the display and the number of the current track flashes.
CD-CHANGER MODE

Cancelling SCAN
To stop scanning,
▷ briefly press the MENU button 8.
The currently scanned track will then continue to be played normally.

Note:
• You can set the scanning time. For further details, please read the section entitled “Setting the scanning time” in the “Radio mode” chapter.

Pausing playback (PAUSE)
▷ Press button 3 [10].
“PAUSE” appears in the display.

Cancelling pause
▷ Press button 3 [10] whilst pause is activated.
Playback is resumed.

CLOCK time

Displaying the clock time
To display the clock time briefly,
▷ Press and hold down the SRC button 2 until the clock time appears in the display.

Setting the clock time
To set the clock time,
▷ press the MENU button 8.
▷ Press the ▼ or ▲ button 7 repeatedly until “CLOCK SET” appears in the display.
▷ Press the ◄ button 7.
The clock time appears in the display. The hours flash and can be adjusted.
▷ Adjust the hours using the ▼/▲ buttons 7.

Once the hours are set,
▷ press the ► button 7.
The minutes flash.
▷ Adjust the minutes using the ▼/▲ buttons 7.
▷ Press the MENU button 8 twice.

Selecting 12/24-hour clock mode
▷ Press the MENU button 8.
“MENU” appears in the display.
▷ Press the ▼ or ▲ button 7 repeatedly until “24 H MODE” or “12 H MODE” appears in the display.
▷ Press the ◄ or ► button 7 to switch between the modes.
CLOCK TIME

When you have finished adjusting the setting,
☞ press the MENU button ⑧.

Displaying the time continuously when the device is off and the ignition is on
To display the time when the device is off and the vehicle ignition is on,
☞ press the MENU button ⑧.
“MENU” appears in the display.
☞ Press the ▼ or ▲ button ⑦ repeatedly until “CLOCK OFF” or “CLOCK ON” appears in the display.
☞ Press the ◀or▶ button ⑦ to switch between the ON/OFF settings.
When you have finished adjusting the setting,
☞ press the MENU button ⑧.

Briefly displaying the time when the device is switched off
To display the time briefly when the device is off,
☞ press the SRC ⑨ button ②.
The time is displayed for eight seconds.

Sound
You can adjust the sound settings (bass and treble) separately for each source (radio, CD and CD changer / AUX).
The volume distribution settings (balance and fader) apply to all the audio sources (except for traffic announcements).
You can only adjust the balance and fader settings for traffic announcements whilst a traffic announcement is actually being played.

Adjusting the bass
☞ Press the AUDIO button ⑨.
“BASS” appears in the display.
☞ Press the ▼ or ▲ button ⑦ to adjust the bass.
When you have finished adjusting the setting,
☞ press the AUDIO button ⑨.

Adjusting the treble
☞ Press the AUDIO button ⑨.
“BASS” appears in the display.
☞ Press the ▶ button ⑦ repeatedly until “TREBLE” appears in the display.
☞ Press the ▼ or ▲ button ⑦ to adjust the treble.
When you have finished adjusting the setting,
☞ press the AUDIO button ⑨.
**SOUND**

**Setting the left/right volume distribution (balance)**
To adjust the left/right volume distribution (balance),

- press the **AUDIO** button 9.
  “BASS” appears in the display.
- Press the ▶ button 7 repeatedly until “BAL” appears in the display.
- Press the ▼ or ▲ button 7 to adjust the balance (right/left).

When you have finished adjusting the setting,
- press the **AUDIO** button 9.

**Adjusting the front/rear volume distribution (fader)**
To adjust the front/rear volume distribution (fader),

- press the **AUDIO** button 9.
  “BASS” appears in the display.
- Press the ▶ button 7 repeatedly until “FADER” appears in the display.
- Press the ▼ or ▲ button 7 to adjust the fader (front/rear).

When you have finished adjusting the setting,
- press the **AUDIO** button 9.

**Equalizer presets**
This device is equipped with an equalizer that has been preset with settings for the “ROCK”, “POP” and “CLASSIC” music styles.

To select an equalizer preset,
- press the **AUDIO** button 9.
  “BASS” appears in the display.
- Press the ▶ button 7 repeatedly until “POP”, “ROCK”, “CLASSIC” or “EQ OFF” appears in the display.
- Press the ▼ or ▲ button 7 to select one of the presets or select “EQ OFF” to switch off the equalizer. If you select one of the presets, it is shown continuously in the display.

When you have finished adjusting the setting,
- press the **AUDIO** button 9.
**X-BASS**

You can use the X-Bass feature to boost the bass at low volume levels.

The selected X-Bass setting affects all the audio sources (radio, CD, CD changer or AUX).

You can set the X-BASS boost in steps ranging from 1 to 3.

“XBASS OFF” means that the X-BASS function is switched off.

**Adjusting the X-BASS boost**

▷ Press the AUDIO button 9.

“BASS” appears in the display.

▷ Press the ▲ button 7 repeatedly until “XBASS” appears in the display together with the current setting.

▷ Press the ▼ or ▲ button 7 repeatedly until the setting that you want appears in the display.

When you have finished adjusting the setting,

▷ press the AUDIO button 9.

---

**Configuring the level display**

The level display temporarily provides you with a symbolic representation of the volume and audio settings whilst you are adjusting them.

When you are not changing any settings, the level display depicts the peak music/speech output. You can switch the level display on/off.

▷ Press the MENU button 8.

“MENU” appears in the display.

▷ Press the ▼ or ▲ button 7 repeatedly until “PEAK LVL” appears in the display.

▷ Press the ▼ or ▲ button 7 to switch between “PEAK ON” and “PEAK OFF”.

When you have finished adjusting the setting,

▷ press the MENU button 8 twice.
EXTERNAL AUDIO SOURCES

External audio sources

Instead of connecting a CD changer, you can connect another audio source equipped with a line output. Audio sources can, for example, be portable CD players, MiniDisc players or MP3 players.

If you want to connect an external audio source, you will need an adapter cable. You can obtain this cable (Blaupunkt no.: 7 607 897 093) from your authorised Blaupunkt dealer.

Note:
● If no CD changer is connected, the AUX input must be activated in the menu.

Switching the AUX input on/off

馗 Press the MENU button (8). “MENU” appears in the display.
馗 Press the ▼ or ▲ button 7 repeatedly until “AUX OFF” or “AUX ON” appears in the display.
馗 Press the ◀ or ▶ button 7 to switch AUX on/off.

When you have finished adjusting the setting,
馗 press the MENU button (8).

Note:
● If the AUX input is activated, you can select it by pressing the SRC button 2. “AUX INPUT” then appears in the display.

Specifications

Amplifier
Output power: 4 x 25 watts sine in accordance with DIN 45 324 at 14.4 V
4 x 45 watts max. power

Tuner
Wavebands in Europe:
FM: 87.5 - 108 MHz
MW: 531 - 1 602 kHz
LW: 153 - 279 kHz

FM frequency response: 35 - 16,000 Hz

CD
Frequency response: 20 - 20,000 Hz

Pre-amp out
4 channels: 2 V

Input sensitivity
AUX input: 2 V / 6 kΩ

**Gerätepass**

Name: .................................................................

Typ: 7 645 ............................................................

Serien-Nr: BP ........................................................
(DE) Hinweis zum PTY-EON-Empfang
Wenn Ihr Blaupunkt-Gerät von einem gehörten Radioprogramm zu einem anderen Radioprogramm oder von einer gewählten Quelle (CD oder CD-Wechsler) zu einem Radioprogramm umschaltet, so überprüfen Sie bitte, ob Sie PTY (Programm-Typ) eingeschaltet haben.
Möchten Sie diese PTY-EON-Umschaltung nicht haben, so schalten Sie diese im Menü mit „PTY off“ aus. Drücken Sie zuvor eine der Tasten AUDIO, SRC oder BND.
Bitte lesen Sie dazu auch in der Bedienungsanleitung unter „Radiobetrieb“ den Absatz „Programm-Typ (PTY)“.

(GB) Note regarding PTY-EON reception
If your Blaupunkt system switches from your chosen radio programme to another radio programme or from your chosen audio source (CD or CD changer) to a radio programme, please check whether you have activated the PTY (programme type) function.
If you do not want this PTY-EON switching to occur, you should deactivate it in the menu by selecting “PTY off”. Press one of the AUDIO, SRC or BND buttons beforehand.
Please also read about this in the operating instructions in the section entitled “Programme type (PTY)” under “Radio mode”.

(FR) Remarque concernant la réception PTY EON
Quand votre appareil Blaupunkt commute d’une émission de radio que vous êtes en train d’écouter à un autre programme radio ou d’une source (CD ou changeur CD) que vous avez choisie, assurez-vous d’avoir activé PTY (type de programme).
Si vous ne souhaitez pas cette commutation PTY EON, désactivez-la en sélectionnant « PTY off » dans le menu. Appuyez au préalable sur l’une des touches AUDIO, SRC ou BND.
Pour plus d’informations, reportez-vous également au paragraphe « Type de programme (PTY) » du chapitre « Mode radio » du mode d’emploi.

(ITALIANO) Nota sulla ricezione del PTY-EON
Quando il vostro apparecchio Blaupunkt si sintonizza da un radioprogramma in ascolto ad un altro, oppure si disinsinserisce dalla fonte audio selezionata (CD o multiletore CD) e passa alla ricezione di un programma radio, controllate per favore se avete inserito la funzione PTY (tipo di programma).
Se volete evitare queste commutazioni PTY-EON, selezionate nel menu la funzione "PTY off". Prima di fare ciò premete uno dei tasti AUDIO, SRC o BND.
Leggete per favore a tale proposito quanto riportato nelle istruzioni d’uso nella sezione "Esercizio Radio" al punto "Tipo di programma (PTY)".

(NL) Aanwijzing bij de PTY-EON-ontvangst
Wanneer uw Blaupunkt-apparaat van één beluisterde radiozender overschakelt op een andere, of van een gekozen geluidsbron (cd of cd-wisselaar) op een radiozender, kunt u controleren of u PTY (programmatype) hebt ingeschakeld.
Wanneer u geen prijs stelt op deze PTY-EON-omschakeling, schakelt u deze in het menu uit met "PTY off". Druk van tevoren op een van de toetsen AUDIO, SRC of BND.
Lees hiervoor ook in de gebruiksaanwijzing onder "Radioweergave" de alinea "Programmatype (PTY)".

(SW) Information om mottagning med PTY-EON
Om Du vill undvika detta, fränkopplar Du funktionen Programtyp (PTY-EON) i meny. Tryck först på någon av knapparna AUDIO, SRC eller BND och välj sedan "PTY off".
För mer information, se avsnittet "Programtyp (PTY)" i bruksanvisningens kapitel "Radio".

(ES) Observaciones sobre la recepción PTY-EON
Si su equipo Blaupunkt cambia de la emisora de radio que está escuchando a otra, o de la fuente de sonido seleccionada (CD o cambiadiscos) a una emisora de radio, verifique si tiene activada la función PTY (tipo de programa).
Si no desea que el equipo cambie automáticamente a emisoras PTY-EON, desactive dicha función seleccionando la opción “PTY off” en el menú. Pulse previamente una de las teclas AUDIO, SRC o BND.
Para más detalles, consulte el punto "Tipo de programa (PTY)" en el capítulo "Modo de radio" de las instrucciones de manejo.
(PT) Informação sobre a recepção no modo PTY-EON
Se o seu aparelho mudar de um programa para outro programa ou de uma fonte que está a ouvir actualmente (CD ou CDC) para um programa radiofónico, verifique se a função PTY (tipo de programa) está activada.
Se não desejar usar a função PTY-EON, desactive-a no menu escolhendo a opção “PTY OFF”. Prima anteriormente uma das teclas AUDIO, SRC ou BND.
Para tal, leia também o parágrafo “Tipo de programas (PTY)” no capítulo “Rádio” nas instruções de serviço.

(DK) Oplysning om PTY-EON-modtagelse
Hvis din Blaupunkt radio slår fra det aktuelle radioprogram over i et andet eller fra en valgt kilde (CD eller Multi CD) over i et radioprogram, bør du tjekke om du har tændt for PTY (programtype).
Hvis PTY-EON-omskifteringen ikke ønskes, deaktiveres funktionen med "PTY off" i menuen. Forinden trykkes på en af tasterne AUDIO, SRC eller BND.
Læs også afsnittet om "Programtype (PTY)" under "Radiodrift" i betjeningsvejledningen.

(SF) PTY-EON-vastaanottoon liittyvä ohje
Jos Blaupunkt-laitte vaihtaa kuuntelemastasi radio-ohjelmasta toiseen radio-ohjelmaan tai valitsemastasi äänilähtteestä (CD tai CD-vaihtaja) johonkin radio-ohjelmaan, tarkista onko PTY (ohjelmatyyppi tunnistus) päällä.
Jos et halua laitteen vaihtavan radio-ohjelmaa automaattisesti PTY-EON-toiminnon avulla, voit kytkää sen pois toiminnasta valikossa ("PTY off"). Paina ensin jotain painikeista AUDIO, SRC tai BND.
Lue myös käyttöohjeen kohdasta "Radiokäyttö" kappale "Ohjelmatyyppi (PTY)".

(PL) Wskazówki dotyczące odbioru PTY-EON
Gdy urządzenie przełącza się z jednej stacji radiowej na inną lub z wybranego źródła audio (CD i zmieniacz CD) na odbiór programu radiowego, to należy sprawdzić, czy włączony program jest programem typu PTY.
Jeżeli nie chcą Państwo korzystać z funkcji PTY EON, to proszę w odpowiednim menu wybrać opcję „PTY off”. Przed wybrianiem tej opcji trzeba wcisnąć jeden z przycisków AUDIO, SRC lub BND.
Dalsze informacje na ten temat znajdą Państwo w instrukcji obsługi w rozdziale „Tryb obsługi radija”, w punkcie „Typ programu (PTY)”.

● BLAUPUNKT
(CZ) **Upozornění k příjmu s funkcí PTY-EON**

Pokud se váš přístroj přepne ze stanice, kterou právě posloucháte, na jinou rozhlasovou stanici, nebo ze zvoleného zdroje (CD nebo měnič CD) na jiné rozhlasové vysílání, zkontrolujte, jestli není zapnutá funkce PTY (typ programu).
Pokud si nepřejejete, aby došlo k přepínání přístroje funkci PTY-EON, vypněte ji v nabídce bodem „PTY off“. Stiskněte nejprve jedno z tlačítek AUDIO, SRC nebo BND.

Blížší informace k tomuto bodu naleznete v návodu k obsluze v kapitole „Režim rádia“ v odstavci „Typ programu (PTY)“.

---

(HU) **Utasítás a PTY-EON vételhez**

Ha az Ön Blaupunkt készüléke egy hallgatott rádióműsorral egy másik rádióműsorra vagy egy kiválasztott forrássról (CD vagy CD-váltó) egy rádióműsorra kapcsol át, úgy kérjük ellenőrizze, hogy bekapcsolta-e a PTY-t (műsortípus).

Ha Önnek nem megfelelő ez a PTY-EON átkapcsolás, kérjük, kapcsolja azt ki a menüben a „PTY off“-fal. Előtte azonban nyomja le az AUDIO, SRC vagy BND gombok egyikét.

Kérjük, ezzel kapcsolatban olvassa el a kezelési útmutató „Rádió üzemmód“ fejezetében a „Műsortípus (PTY)“ c. bekezdést.

---

(KR) **Napomena uz PTY-EON-prijem**

Ako Vaš Blaupunkt uređaj prebacuje sa jednog radio-programa na neki drugi ili sa jednog izabranog izvora (CD ili CD-izmjenjivač) na neki radio-program, onda molimo da provjerite, da li ste uključili PTY (tip programa).

Ako ne želite ovo PTY-EON-prebacivanje, onda ga isključite u meniju sa „PTY off“. Prethodno pritisnite jednu od tipki AUDIO, SRC ili BND.

Molimo Vas, o tome pročitajte i u uputama za upotrebu pod „Rad radija“ pogлавlje „Tip programa (PTY)“. 

---

(SE) **Napomena uz PTY-EON-prijem**

Ako Vaš Blaupunkt uređaj prebacuje sa jednog radio-programa na neki drugi ili sa jednog izabranog izvora (CD ili CD-izmjenjivač) na neki radio-program, onda molimo da provežete, da li ste uključili PTY (tip programa).

Ako ne želite ovo PTY-EON-prebacivanje, onda ga isključite u meniju sa “PTY off“. Prethodno pritisnite jedan od tastera AUDIO, SRC ili BND.

Molimo Vas, o tome pročitajte i u uputstvu za upotrebu pod “Rad radija” pasus “Tip programa (PTY)“. 
Pokyny pre príjem PTY-EON
Ak Váš prístroj Blaupunkt prepína z počúvaného rádioprogramu na iný rádioprogram alebo z niektorého zvoleného zdroja (CD alebo meniča CD) na iný rádioprogram, tak prosím skontrolujte, či ste zapnuli PTY (Program Type).
Ak nechcete toto prepínanie PTY-EON, vypnite ho v menu pomocou “PTY off”.
Stlačte pred tým niektoré z tlačidiel AUDIO, SRC alebo BND.
Prečítajte si prosím k tomu tiež v návode na obsluhu, pod “Rádiová prevádzka” odsek “Program Type (PTY)”.

Navodilo za PTY-EON sprejem
Ko se Vaša Blaupunkt naprava preklopi iz slušnega radijskega programa na drugi radijski program, oziroma iz izbrane zveze (CD ali CD-menjalca) na radijski program. Vas prosimo, da preverite, če ste vklopili PTY (programni-tip).
Če nečete preklop PTY-EON, potem priklopite le-tega v meniju na „PTY off”.
Pritisnite pred tem na tipko AUDIO, SRC oziroma na BND.
Prosim, da si preberete v navodilih za uporabo pod “radijo delovanje” odstavek “program-tip (PTY)”.

PTY-EON yayını alınması ile ilgili bilgi
Eğer Blaupunkt cihazınız dinlediğiniz bir radyo programından başka bir radyo programına veya seçmiş olduğunuz bir kaynaktan (CD veya CD değiştirici) bir radyo programma geçersen, PTY (program tipi) fonksiyonunu açmış olup olmadığını lütfen kontrol ediniz.
Eğer bu PTY-EON geçişini istemiyorsanız, bu fonksiyonu menü üzerinden “PTY off” ile kapatınız. Bu işlemden önce AUDIO, SRC veya BND tuşlandırından birine basınız.
Lüften bu konu ile ilgili olarak, kullanma kilavuzunda "Radyo modu" bölümündeki "Program tipi (PTY)" kısmını okuyunuz.

Ψπιδειξη για τη λήψη PTY-EON
Οταν η συσκευή σας Blaupunkt αλλάζει από ένα ραδιοφωνικό πρόγραμμα που ακούστε σε ένα άλλο ραδιοφωνικό πρόγραμμα ή από μια επιλεγμένη πηγή (CD ή τροφοδότης CD) σε ένα ραδιοφωνικό πρόγραμμα, τότε ελέγξτε παρακαλώ, εάν έχετε ενεργοποιηθεί το PTY (τύπος προγράμματος).
Οταν δεν επιθυμείτε να εκτελέσετε αυτή την αλλαγή λειτουργίας PTY-EON, τότε απενεργοποιήστε την στο μενού με “PTY OFF”. Πατήστε προηγουμένως ένα από τα πλήκτρα AUDIO, SRC ή BND.
Διαβάστε παρακαλώ γι’ αυτό επίσης στις οδηγίες χειρισμού κάπως από "Λειτουργία ραδιοφώνου" την ενότητα “Τύπος προγράμματος (PTY)”.

BLAUPUNKT

(B)
(RU) Указание по приему PTY-EON

При переключении тюнера аппарата Blaupunkt на другую радиостанцию или переключении с радиоприема на другой источник звука (проигрыватель CD или CD-чейнджер) проверьте, пожалуйста, включена ли функция PTY (тип программы). Если Вы хотите отключить автоматический выбор программ PTY-EON, то выключите эту функцию опцией меню "PTY off". Для этого нажмите одну из следующих клавиш – AUDIO, SRC или BND.

Ознакомьтесь, пожалуйста, с соответствующими инструкциями о включении автоматического режима выбора программ (PTY) в разделе "Прием радиопередач" пользовательской документации к Вашему аппарату Blaupunkt.
