Cable Kit, 10-Foot Model CK10B

Description
The CK10B is a 10-foot long Cable Kit. The kit can be used either as a main suspension drop cable or as a safety cable.

Contents
10-foot long Cable w/ fixed loop, Cable clamp, Eyebolt, Spacer Nut, Instruction Sheet

Installation
The cable can be secured to the speaker and the building structure in a variety of ways. Below are three common approaches. The support structure MUST be able to support 100 lbs. to provide adequate safety margin.

WARNING
CABLE CLAMPS MUST BE SECURELY TIGHTENED. FAILURE TO DO SO MAY RESULT IN PROPERTY DAMAGE, INJURY OR DEATH, AND LEGAL LIABILITY TO YOU AND YOUR BUSINESS.

Note
IMPORTANT: For Vinyl-coated Cable, you must strip away the coating in the area where the Cable Clamp will be applied so that the clamp makes contact to the wire core of the cable.

Specifications subject to change without notice.
