Model CSD1X2VR
Drop-In Ceiling Speaker
With Back Can and Recessed Volume Control
70V & 25V Speaker Systems

Electrical Connection
1. Remove electrical box cover, then install
cable clamp (if desired) and feed interconnecting
cable into the electrical box.
2. Select speaker leads for desired system type:
70V - Red, 25V - Yellow, and COM - Black
for both. Interconnect the speakers in the
system, making sure that all leads of the same
color are connected together. Avoid swapping colors.
3. Cut bare wire tip off of unused speaker lead. Secure
all mechanical connections and re-install
electrical box cover.
4. Set tap selector switch to proper tap setting.
5. Speaker volume can be attenuated via front panel
recessed volume control.

NOTE: All wiring must comply with NFPA 70

Ceiling Installation
1. For 2 ft. x 4 ft. tile space, cut ceiling tile to 35-1/2" long.
   For 2 ft. x 2 ft. tile space, cut to 11-1/2" long.
2. Place speaker in ceiling opening.
4. Drop in the tile.

Listed to UL Standard - ANSI/UL 1480

2-YEAR WARRANTY

The CSD1X2VR is warranted to be free from defects in material or
workmanship for two (2) years from the date of sale to the original
purchaser. This warranty does not extend to any of our products
that have been subjected to abuse, misuse, improper storage,
eglect, accident, improper installation or have been modified or
repaired or altered in any manner whatsoever, or where the serial
number or date code has been removed or defaced.

Specifications subject to change without notice.
