Model CSD2X2
Drop-In Ceiling Speaker
with Back Can
70V & 25V Speaker Systems

Electrical Connection
1. Remove cover, install cable clamp (if desired),
and feed interconnecting cable into the electrical box.
2. Select speaker leads for desired system type:
70V - Red, 25V - Yellow, and COM - Black for both.
Interconnect the speakers in the system, making sure
that all leads of the same color are connected together.
Avoid swapping colors.
3. Cut bare wire tip off of unused speaker lead. Secure
all mechanical connections and re-install the cover.
4. Set tap selector switch to proper tap setting.

NOTE: All wiring must comply with NFPA 70

Ceiling Installation
2ft. x 2ft. Tile Space
Drop ceiling speaker into space (support rail not necessary).

2ft. x 4ft. Tile Space
Cut ceiling tile no more than 23-3/4". Place speaker
in ceiling with the tile support rail facing the
ceiling tile opening. Drop in the tile.

--- 2-YEAR WARRANTY ---
The CSD2X2 is warranted to be free from defects in material or
workmanship for two (2) years from the date of sale to the original
purchaser. This warranty does not extend to any of our products
that have been subjected to abuse, misuse, improper storage,
neglect, accident, improper installation or have been modified or
repaired or altered in any manner whatsoever, or where the serial
number or date code has been removed or defaced.
