THE D-M39(DAB) CD-RECEIVER SYSTEM IN A COMPACT CABINET OFFERS HIGH QUALITY AUDIO FROM A MULTITUDE OF SOURCES.

Now there’s even more Denon in so little space: this micro component system has been continually developed to meet the needs of modern day audio fans. Besides its stunning stereo sound performance, this latest and refined model provides a digitally transmitted play function for iPhone / iPod / iPad via the front USB terminal, which certainly is also open to connect to any other USB sound device. Other traditional source as CD, FM radio and in one version even the digital radio DAB are supported. For further expansion it offers a digital input so TV screens or set-top boxes can be connected easily to improve audio quality significantly.
Triple noise reduction design to preserve signal purity

In an audio component where various circuits, boards, and wire layouts can influence each other, it is not possible to obtain satisfying specifications or sound simply by strengthening the power amp circuit. Denon has therefore eliminated three sources of noise to ensure that the sound is as clean as possible. Distortion from the input selector, electronic volume and power amp has been suppressed to improve the signal-to-noise ratio and produce an even smoother, dramatic sound.

For UK please add GB to Product code as last letters: e.g. RCDM39BKE2GB

D-M39 (DAB)

Power output 30 W + 30 W (6 ohms, 1 kHz)
Input / Output Terminal 7 set of analogue inputs
1 set of digital input (optical)
MONO output for subwoofer
Headphone USB (Front)

Function Tone control (Bass, Treble)
SDB (Super Dynamic Bass)

Surround L/R Source direct function
Timer (once, everyday, sleep)

Tuner DAB Band III 170 MHz – 240 MHz (DAB version only)
FM 87.50 MHz – 108.00 MHz

Drivers 120 mm woofer, 25 mm soft dome tweeter
Impedance 6 ohms

Colours Black, Premium Silver
Dimensions (W x H x D) 210 x 115 x 306.5 mm
Weight 4.3 kg

SC-M39

Type 2 way speaker
Drivers 120 mm woofer, 25 mm soft dome tweeter

Frequency response 45 Hz – 40 kHz
Max power 60 W (IEC) 120W (PEAK)
Impedance 6 ohms

Colours Black, Cherry Wood
Dimensions 145 x 238 x 234 mm
Weight 3.5 kg

STATE-OF-THE-ART DENON SOLUTIONS FOR MAXIMISING CONTENT QUALITY

- Serious Hi-quality Sound ensured by award winning engineering
- 30 W + 30 W high power output and a robust power circuit providing stable supply of electric current
- Custom-tuned capacitors for low-distortion and clear sound
- Low gravity CD mechanism to reduce vibration
- Local sound-tuned 2 way speaker system with new 12 cm woofer and 2.5 cm soft dome high definition tweeter with ventilation hole
- iPhone / iPod / iPad playback via digital connection for high-quality sound
- High-precision 192kHz/32bit D/A converters to reproduce high definition sound
- European sound-tuned serious hi-fi quality
- “Simple & Straight” circuit design for sound purity
- Triple noise reduction design to preserve signal purity
- - Short signal path, to optimise performance in sound quality
- - Thorough separation of digital and analog sections
- - Precision signal ground circuit, to preserve signal purity
- LOW POWER CONSUMPTION IN STANDBY MODE
- Power supply AD 230 V, 50 Hz
- Power consumption 8W (Standby: 0.3W)
- Colours Black, Premium Silver
- Dimensions (W x H x D) 210 x 115 x 306.5 mm
- Weight 4.3 kg

EASE-OF-USE

- Large buttons for easier operation
- Easy-to-read front 2 line FL display to identify music tracks or broadcast stations at a glance
- Plug ‘n Play setup
- Easy timer setting
- Everyday / Once / Sleep Timer is available
- Auto standby mode
- iDevice charging even in standby mode
- Low power consumption in standby mode

NEW FEATURES

- New cosmetic design
- Digitally transmitted audio from iPod, iPhone and iPad (via USB) for best sound quality
- “Simple & Straight” circuit design minimizing distortion from the input selector, electronic volume and power amp for sound purity and free of colouration
- Triple Noise Reduction Design (T.N.R.D.) to preserve signal purity
- Digital input for Digital gear for upgrading the sound of your Apple AirPort Express, or your TV set
- Speaker Optimizer circuit for high quality sound with SC-M39 speaker system
- Easy-to-use remote control handset

Technical information

Denon SC-M39 speaker

Denon has designed a new high quality 12 cm woofer / midrange chassis which has been combined with a high definition tweeter with ventilation hole and a crossover network with selected components to reproduce the smoothness of natural sound.
