Stepping into the footprints of multi-award winning D-M39, the new D-M40 features serious Hi-Fi quality CD Receiver RCD-M40 along with optimized two-way speaker system SC-M40. For almost 20 years now, Denon’s M Series has been developed to meet the needs of modern day audio enthusiast that want a micro size stereo system but with the least compromises on sound and build quality. The latest development comes with improved connectivity options such as two digital optical inputs to hook up a TV, set-top box or other digital gear that deserves improved audio quality. Of course it plays all sources like CD, FM (and DAB/DAB+ in D-M40DAB version) radio or USB media including iDevices in impeccable quality too.
**“Simple & Straight”** circuit design for sound purity and free of colouration

Denon’s popular M series gives you high sound quality based on the “simple & straight” concept. Circuity is uncomplicated, signal paths are short, and all adverse influences on sound quality have been minimised. The circuit design and the way the chassis is built ensure that the sound you hear is utterly faithful to the original performance.

**Triple noise reduction design to preserve signal purity**

In an audio component where various circuits, boards, and wire layouts can influence each other, it is not possible to obtain satisfying specifications or sound simply by strengthening the power amp circuit. Denon has therefore eliminated three sources of noise to ensure that the sound is as clean as possible. Distortion from the input selector, electronic volume and power amp has been suppressed to improve the signal-to-noise ratio and produce an even smoother, dramatic sound.

**High quality headphone amp with gain control**

Digitally transmitted audio from iPod and iPhone (via USB) for best sound quality and provide stable supply of electric current.

**State-of-the-art Denon solutions for maximising content quality**

- Serious Hi-quality Sound ensured by award winning engineering
- 30 W + 30 W high power output and a robust power circuit to produce a clean, high-quality sound. Moreover, the D-M40’s USB port is not only capable of playing MP3 and WMA files, but also lossless FLAC, WAV and AAC

Enjoy premium sound in your home office, bedroom, or any other room

The compact size of 210mm width and just 310mm depth (plus speakers) allows for an easy setup of the D-M40 on a bookshelf, in a bedroom or in the home office. With several colour combinations, it easily blends into people’s daily life, delivering impeccable performance at the same time.

**KEY FEATURES**

- **Updated cosmetic design**
- **“Simple & Straight” circuit design** minimizing distortion from the input selector, electronic volume and power amp for sound purity and free of colouration
- **Triple Noise Reduction Design (T.N.R.D.)** to preserve signal purity
- **High quality headphone amp with gain control**
- **Digitally transmitted audio from iPod and iPhone (via USB)** for best sound quality
- **Device charging even in standby mode**
- **USB port supports MP3, WMA, FLAC, WAV and AAC**
- **iDevice charging even in standby mode**
- **Auto standby mode**
- **Low power consumption in standby mode**
- **SERIOUS HI-Quality Sound** ensured by award winning engineering
- **“Simple & Straight” circuit design** for sound purity
- **Triple noise reduction design to preserve signal purity**
- **Direct play for iPod and iPhone via USB**
- **High-precision 192kHz/32bit D/A converters to reproduce high quality sound**

**Easy-to-use remote control handset**

**STATE-OF-THE-ART DENON SOLUTIONS FOR MAXIMISING CONTENT QUALITY**

- **Serious Hi-quality Sound** ensured by award winning engineering
- **30 W + 30 W high power output** and a robust power circuit to produce a clean, high-quality sound. Moreover, the D-M40’s USB port is not only capable of playing MP3 and WMA files, but also lossless FLAC, WAV and AAC

**Technical information**

- **Power output (D-M40 (DAB))** 30 W+30 W (8 ohms, 1 kHz)
- **USB (Front)**
  - **Input / Output Terminal** 1 set of analogue inputs, 2 sets of digital inputs (optical)
  - **Function** Tone control (Bass, Treble)
  - **Drivers**
    - 120 mm woofer, 25 mm soft dome tweeter
    - 120 mm woofers, 25 mm soft dome tweeters
  - **Front / Mono output for subwoofer**
  - **Dimensions (W x H x D)** 210 x 115 x 309 mm
  - **Weight** 4.2 kg

**SC-M40 speaker**

These speakers have been designed with Denon Hi-Fi craftsmanship and European Sound engineering. For best performance a high quality 12 cm woofers/midrange chassis has been combined with a high definition tweeter and a crossover network with selected components to reproduce the smoothness of natural sound.
