KEY FEATURES INCLUDE

- Plays digital music stored on a hard-drive or NAS (Network Attached Storage)
- Plays FLAC, WAV, MP3 & AIFF audio formats with up to 24-bit / 192kHz native sample rate
- Standard Ethernet input for audio and control
- Access to SHOUTcast Internet radio
- Supports UPnP (Universal Plug & Play) for seamless integration with UPnP media servers and control devices
- Upgradeable through automatic software downloads
- On-board volume control means it can be connected directly to a power amplifier for the simplest high performance set-up

Derived from Linn’s flagship DS player, the Klimax DS, the Majik DS redefines the performance benchmark from a digital source at this level. Combining performance to beat any CD player with the convenience of browsing your entire music collection at the touch of a button, the Majik DS will transform the way you listen to music.

Majik DS supports the highest quality and most widely used audio formats in use today (FLAC, WAV, MP3, AIFF) and is easily upgraded through software downloads, so that your system can evolve as new formats and features emerge.

DS players can also play high resolution audio downloads, including Linn Records’ Studio Master Quality FLAC downloads. The quality of these files is comparable to stereo SACD, allowing you to take full advantage of the performance level attainable by the Majik DS. As well as your music downloads and ripped CDs, you can also listen to a huge collection of SHOUTcast Internet radio stations from around the world.

You can control your Majik DS with any UPnP™ AV 1.0-compatible third party device, allowing you to choose whichever hand-held wireless device you prefer. You can even add Majik DS to an existing Linn Knekt or third party multi-room system quickly and easily.

The Majik DS also features on-board volume control, which means that it can be connected directly to a power amplifier, without the need for a pre-amplifier, for a neat and simple system set-up.
## MAJIK DS

### TECHNICAL SPECIFICATIONS

**Digital stream player**

- **Date of introduction**: June 2008
- **Type**: Digital stream player
- **Dimensions** (H) 80 mm x (W) 381 mm x (D) 360 mm
  - (H) 3.1 inches x (W) 15 inches x (D) 14.2 inches
- **Weight**: 4.2 kg
  - 9.2 lb
- **Supported file types**: WAV, FLAC, MP3, AIFF
- **Audio sample rates**: 7.35 k, 8 k, 11.025 k, 12 k, 14.7 k, 16 k, 22.05 k, 24 k, 29.4 k, 32 k, 44.1 k, 48 k, 88.2 k, 96 k, 176.4 k, 192 k
- **Word depths**: 16 - 24 bits
- **Analogue audio outputs**: Stereo RCA phono sockets
- **Ethernet interface**: 100Base-T RJ45
- **Control protocol**: Compatible with UPnP™ media servers, UPnP™ AV 1.0 control points
- **Local control**: Front panel 6 button interface
  - Luminous remote control handset
  - 128 x 32 front panel display
- **Power supply**: Switching power supply with auto-ranging
  - (AC 100 – 120 V @ 50 – 60 Hz)
  - (AC 220 – 240 V @ 50 – 60 Hz)
- **Power consumption**: 15 W
