Traffic information on the map

Traffic conditions can be overlaid on the map. GEX-P10XMT XM Digital Satellite Data & Audio Receiver (sold separately) is required, together with an active subscription for the XM NavTraffic service.

Traffic event
- Stopped traffic
- Stop and go traffic
- Closed/blocked roads
- Other event (e.g., accident)

Traffic flow
- 5-15 mph (8-24 km/h)
- 20-40 mph (32-64 km/h)
- 45 mph or faster (75 km/h or faster)

The icon indicates that the average speed of the road is over 45 mph (72 km/h).

Changing the AV source

1. Touch the source icon.
2. Touch the desired AV source.

Operation of Music Library

First, you need to play a CD for recording into the built-in hard disk drive. (The recording is carried out by 4 times speed in parallel with playing that CD.) After the recording, you can find and select the song easily from a playlist.

1. Search a song by album name, artist name, genre, customized playlist.
2. Touch and hold to memorize that song as “My Mix” playlist.
3. Information of current song
4. “Group” playing now.

Operation of XM Satellite Radio

You can use the navigation system to control a XM satellite digital tuner. GEX-P10XMT (sold separately) is required, together with an active subscription.

Operation of your Apple iPod®

You can control your iPod with Dock connector via the touch screen when it is connected to this navigation system via Pioneer iPod adapter (sold separately).

Setting the voice guidance volume

Press or touch in the following order:
button ➔ Settings tab ➔ Volume

Basic operation on the map screen

Scrolling the map
Touch where you would like to scroll to on the map screen.

1. Next street
2. Distance to the next guidance point
3. Distance to your destination
4. Estimated time of arrival (in default)
