Pioneer Line of Accessories

Choose genuine Pioneer accessories to enjoy the best from your new Pioneer components.

Stereo Headphones/Cartridges and Replacement Styluses

SE-650
Around-the-Ear High-Sensitivity Headphones
Pioneer's finest around-the-ear design seals external noise out while ensuring long hours of fatigue-free listening. Samarium cobalt is used in the magnetic circuit for accurate dynamic response.
Frequency Range: 20 — 20,000 Hz
Maximum Input Power: 1.000 mW (each channel)
Connection Cord: 9.5 ft
Weight: 8.6 oz (without connection cord)
*Vinyl head band and ear pads are in simulated leather.

$75.00

SE-550
Around-the-Ear High-Sensitivity Headphones
"Rare earin" alloy of samarium and cobalt gives ideal magnetic performance to this headphone set which features Pioneer's two-band design and thin polyester film dome-type diaphragm for realistic sound quality over the entire frequency range.
Frequency Range: 20 — 20,000 Hz
Maximum Input Power: 1.000 mW (each channel)
Connection Cord: 9.5 ft
Weight: 8.1 oz (without connection cord)
*Vinyl head band and ear pads are in simulated leather.

$55.00

SE-450
Around-the-Ear High-Sensitivity Headphones
High standards of performance are matched with a practical price in this headphone set which features ferrite magnetic circuitry and ultra-thin polyester film dome-type diaphragm for accurate monitoring and satisfying intimate listening.
Frequency Range: 20 — 20,000 Hz
Maximum Input Power: 1.000 mW (each channel)
Connection Cord: 8 2 ft
Weight: 9.9 oz (without connection cord)
*Vinyl head band and ear pads are in simulated leather.

$45.00

SE-4
High-Sensitivity Stereo Headphones
A leading consumer magazine, the October issue of Consumer Reports, chose the SE-4 as a "Best Buy" for reasons of value and performance. Heat-through design uses 25μ polyurethane dome drivers for smoothness, wide-range response. Frequency Range: 20 — 20,000 Hz
Maximum Input Power: 200 mW (each channel)
Connection Cord: 9 10 ft
Weight: 7.6 oz (without connection cord)
*Vinyl head band and ear pads are in simulated leather.

$50.00

SE-2
High-Sensitivity Stereo Headphones
Super-thin polyester film dome-type drivers and powerful ferrite magnets deliver magnificent sound, while open design and soft ear pad cushions encourage long hours of listening.
Frequency Range: 20 — 20,000 Hz
Maximum Input Power: 200 mW (each channel)
Connection Cord: 8 2 ft
Weight: 7.3 oz (without connection cord)
*Vinyl head band and ear pads are in simulated leather.

$30.00

JC-51
Headphone Connecting Y-Cord
Connects with the headphone jack on your amp, receiver or cassette deck, and allows two sets of headphones to be driven. Cord provided is 10 feet long.

$10.00

PN-145
Replacement Stylus

$25.00

PC-145
Induced Magnet Cartridge

$45.00

PN-135
Replacement Stylus

$20.00

PC-135
Induced Magnet Cartridge

$40.00
DT-500
Digital Timer/Clock
Designed to match other Pioneer components. Will automatically turn on
and off connected components at any time. The On/Off function, the Off
feature, too. Includes “snooze-off” feature, too.
Dimensions: 6 x 2 x 5
Weight: 3 lb 12 oz.

PIONEER CASSETTE TAPES
(sol in 10 packs only)
M1-50 (60 min./both sides) Metal Position Tape
$91.50 /ctn
C1-90 (90 min./both sides) Chrome Position Tape
$81.00 /ctn
N2-9! (90 min./both sides) Normal Position Tape
$61.50 /ctn
N1-90 (90 min./both sides) Normal Position Tape
$47.50 /ctn

JA-R101
Rack Mounting Adaptor (Tray)
Mounts a non-EIA-standard audio component
onto the JA-R2S rack, such as Pioneer SG-9800,

JA-R102
Rack Mounting Adaptor (Handles)
Designed for mounting such components as
Pioneer CT-F1250 and CT-F950 in the JA-R2S
rack.

JA-R104
Rack Mounting Adaptor (Brackets)
Designed for mounting such components as
Pioneer SR-600 and RG-6 in the JA-R2S
erack.

JA-R105
Rack Mount Kit
(Tray and Handles)
Designed for mounting such components as
Pioneer SA-9800 and SA-9800 in the JA-R2S
rack. (Component shown in photo not included in
kit.)

JA-R106
Rack Mount Kit
(Frame and Handles)
Designed for mounting such components as
Pioneer SA-9800, TX-9900, and TX-9800 in the
JA-R2S rack. (Component shown in photo not
included in kit.)
### Microphones
