

Engineering Breakthrough!

A 66-Watt Stereo Amplifier

from Scott at only \$189.95

Never before has Scott offered such a combination of quality and performance at such a low price. Think of it... massive 66 watt output stage with distortion so low it can barely be measured... twelve front-panel controls, including full tape recording facilities... stereo headset output

... many other useful features that combine to give you control over program material unequalled by any other amplifier in its price range. Enjoy a lifetime of the finest music reproduction, choose the all-new Scott 233... truly today's most outstanding amplifier value.

Specifications and Features: Twelve front panel controls including complete tape monitoring and recording facilities and speaker on-off switch. Frequency response ($\pm 1\text{db}$) 20 to 20,000 cps. Steady state power rating, 27 watts per channel. Provision for direct connection of tape deck. Dimensions in accessory case: 15 1/2 wide x 5 1/4 high x 13 1/4 deep.

New Scott 299D 80-Watt stereo amplifier offers you famous Scott quality and reliability with 40 watts per channel... full undistorted power right down to the critical low frequencies. Outstanding features include: front panel headphone output for private listening, unique indicator light system showing mode of operation, and powered center channel output for extension speakers. The 299D is the latest in the famous Scott amplifier series consistently top-rated by leading consumer testing organizations. Handsome new decorator styling compliments any room decor. Special jewel signal lights for easy operation. \$229.95
