New Scott 341 FM Stereo Receiver
Superior Performance, Space-Age Reliability, Advanced Scott Technology
only $249.95

Scott Field Effect Transistor tone control circuitry gives you a wider range of control.

Radically new Scott Integrated Circuit preamplifier reduces distortion to inaudible levels.

Scott solid-state Time Switching multiplex insures lowest distortion and best stereo separation.

Scott all-silicon output circuitry provides effortless, instantaneous power, with maximum reliability.

Leather grained black vinyl case included.

Military-type glass epoxy printed circuit boards with solderless connectors boost circuit reliability.

Stereo indicator light goes on only when tuner has automatically switched to stereo reception.

Volume compensation switch permits full frequency sound enjoyment, even at very low volume levels.

Tape monitoring control lets you do a professional job of transcribing your favorite programs or records on to tape.

Input selector control gives you a choice of FM, records, tape, or tape cartridge.

Stereo balance control plus separate bass and treble controls for each channel let you adjust the music to your own taste and room acoustics.

Dual speaker switches turn on Main, Remote, or both sets of speakers; or switch all speakers off for earphone listening.
