

How to gain new power and sensitivity in the privacy of your own home.

Power-hungry? Scott's 384 AM/FM stereo receiver puts out a dynamic 90 Watts — enough for a houseful of speakers. And you'll explore new listening horizons with the 384's incredible $1.9 \mu\text{V}$ sensitivity, making next-door neighbors out of far-away stations.

Yearning for freedom? Scott Integrated Circuits free your FM reception from the tyranny of outside electrical interference. And, you'll quickly discover the wonderful freedom of program choice available with Scott's Wide-Range AM.

Insatiable? The Scott 384 grows right along with your interest in stereo. You can connect a turntable, extra speakers, a microphone, an electric guitar, a tape recorder, a cartridge player, earphones, an electronic organ . . . and even the audio portion of your TV!

Fighting for control? Scott's professional control panel includes dual Bass, Treble, and Loudness, dual speaker switches, and a special control to eliminate noise between FM stations.

Don't struggle in the dark for one moment longer; experience the Scott 384 now at your dealer's. For \$439.95, this could mean a whole new way of life.
